Standards:

GB/T3820-1997, ISO5084,9073.2, etc.

Main technical parameters:

Model	SL-FT01
Sample thickness range	0.01~10mm
Minimum division value	0.01mm
Presser foot area	100mm ² 2000mm ² 2500mm ² 10000mm ²
Presser weight	25cN 50cN 100cN 200cN
Presser time	10s 30s
Dimensions	410×160×300mm(L×W×H)
Weight	About 25kg
